She wanna reach the sky
Yeah thinks she's so divine
Inside your lost you're weak girl
But that's an alibi
You've come a long way up
Just to put me down
You try to make it rough
So you can wear the crown
A laugh for me
A laugh for me
Just let things be
Let's get united 'cause

Been losing sleep
I've been living on a heartache
I feel undone
But I'm gonna reach heaven tonight
Go through the week
Like it's cold and gloomy Monday
I'm on the run
And I'm gonna reach heaven tonight

I'm reaching for a high
To make me feel alive
'Cause yeah when we're together
We feed our appetites
It's time to lift us up
And put away the frowns
Until we've had enough
Let's move in leaps and bounds
Oh let it be
How it should be
Yeah you and me
Won't get divided 'cause

Been losing sleep
I've been living on a heartache
I feel undone
But I'm gonna reach heaven tonight
Go through the week
Like it's cold and gloomy Monday

I'm on the run
And I'm gonna reach heaven tonight

Repeat chorus
