### "If You Need Me"

I want to free you  
But I need a sign  
I want to be with you  
'Til the end of time  
My glass is empty  
But my heart is open wide  
Need you to lead me  
To your other side

Chorus

If you need me in your heart again  
Then why must we pretend  
If you need me,  
Spread your arms and let me in  
If you need me to give love again  
And right up 'til the end  
If you need me,  
It's not hard - just let me in  
(Let me in, baby)

I've tried to show you  
But your guard was up  
I've tried to know you  
Now I'm giving up  
I wanna see through  
That cloud that's in the air  
How can I break through  
To the love I know that's there

Repeat chorus
