You've got me on the road
That seems to lead me nowhere
If I got down on my knees and told you
You're everything I wish for

Chorus

You tell me to leave it up to fate
Don't try to hold on cause it's too late
You're digging a hole to bury me
By saying our love's not meant to be

Oh relentless I claim to be
The only way I'll set my heart free
Be here forever and a day

I swear I'll change my evil ways

Chorus

You tell me to leave it up to fate
Don't try to hold on cause it's too late
I look to my soul to carry me
So we can as one forever be
If I was the last of the human race
This love that I have I couldn't erase
Inside there's a fire that's burnin wild
It's out of control and won't subside
