When she walks down to the last bench on the lane
When she looks down yeah, she looks so lost to me
Now ain't you found that it ain't been easy lately
Seems to me that baby you're in pain
Someone said they saw you crying
But time can wash those tears away
See I can tell you, you're not the only one
Be assured that there's a brighter day

Chorus

You're not the only one who's lonely
Girl the sun will set and start it all again
You're not the only one who's lonely
There will come a brighter day

Girl I've felt left out in the cold at times
Picked myself backup and come alive yeah
Some say live and let die baby
So I took my pen and wrote it in a song, ooh baby
You're not the only one who will ever be
As lonely as you look to me

Chorus

If only I could hold you and you could hold me
And let our hearts melt in the rain
If only I could hold you and you could hold me
Our love will wash away the pain

Chorus
