When it all comes crashing down,  
And your world starts spinnin' round,  
You feel like you've fallen from the clouds,  
But you never hit the ground

So take this stretch of road,  
We'll call it home,  
Just run away with me tonight,

Just don't let go, of me

Can love like ours survive,  
In such cold and uncertain times?  
I know that if you only hold me tight,  
We can make it through tonight

So let's run on down the interstate,  
And across the sea,  
Everywhere I go,  
I want to take you with me

don't let go, of me  
don't let go, of me

And I close my eyes,  
And I think of you,  
We're gonna make it babe,  
We're gonna make it through

Just don't let go

Underneath black velvet skies,  
Forever in your eyes,  
I see reflexions of your light,  
Just dance with me tonight

Over head the sky explodes,  
And my heart it overloads  
Throw your arms around my neck and don't let go

We'll take this stretch of road,  
We'll call it home,

Just run away with me,  
Just don't let go, of me

Don't let go, of me  
Don't let go, of me  
Don't let go, of me  
Just don't let go
