### "My Hero"

I hope you know you were an inspiration  
To everyone who knew your name  
And even if our paths did not once cross  
I'm shedding tears for you just the same  
Have you ever felt the world stop turning, and you start  
to second guess?  
Yet through your pain you spread happiness  
We won't forget you

Everywhere I go I see your face  
Your faith and hope for life has changed me  
And no words can quite explain  
How every time I think of you  
I feel this hole deep in my heart  
This world has lost a vital part  
But you're not alone

You're a hero and your love will not depart  
We will miss you from the bottom of our hearts  
You will be a hero in our lives eternally  
Through experience you hold the key

Have you ever felt your world stop turning,  
And your life comes crashing down

You were courageous from the start  
You are my hero.
