This song is all I have to reach you in the end  
But the words just come out wrong, and I'm stuck here  
there I don't belong  
In thoughts of us I call you, try to tell you how I feel  
But I end up off track, it's one step forward, and two  
steps back

To reach you

I miss you when you're out of town, but when you get  
back,  
Your resistance often troubles me, you're the only one I  
want to see  
It seems like very guy is cooler, has got smoother  
words than mine  
But I just wanted to let you know, I'll still be standing  
here when they go
