He's a beautiful boy with the saddest eyes  
Skinny legs and a rock n roll style  
Sweet as sugar, hard as steel  
We're the perfect match, we're the real deal

He's all I ever wanted  
He's so much more  
Can't handle love

I'm gonna break his heart  
I don't want to but I do it so well  
I'm gonna break his heart  
I don't want to but I can't handle love

We headed through the hard times  
Right from the start  
But both of us had too many scars  
He's a fighter, I'm afraid  
It can't be good, gotta run away

He's all I ever wanted  
He's so much more  
Can't handle love

I'm gonna break his heart  
I don't want to but I do it so well  
I'm gonna break his heart  
I don't want to but I can't handle love

I'm gonna fall apart again  
Cause I can't handle love

I am the one to blame for all his tears  
One day some girl will make him smile again

I'm gonna break his heart  
I don't want to but I do it so well  
I'm gonna break his heart  
I don't want to but I can't handle love

I'm gonna fall apart again  
Cause I can't handle love
