"Count Me In"

I left my world for you
I came to save you from the fire
And I'll hold you close, angel eyes
I will never let you down

Count me in I'm going anywhere, I'll be there
Count me in I'm going anywhere for you

If they try to lay their hands on you, or take you away
I promise that I'll hide you under ground
But don't be scared, angel eyes
No I won't let nobody get to you

Count me in I'm going anywhere, I'll be there
Count me in I'm going anywhere, for you

I won't let go 'cause I know
I'm the only one who can
Save you now, angel eyes
I can never set you free

Count me in I'm going anywhere, I'll be there
Count me in I'm going anywhere, for you
