Oh what a perfect night
The crowd is hot
And the music is all right
Is all right

We're on the go
No time to chill
The beat is on
A countdown to the thrill
We'll never stop, no
To turn it up, yeah

Everything we need
Everything is what we've got
Everything we want
Is already here
Yeah, it's time to let it out
It's time to unleash the wild
Everything we do, we do it for you

If you are feeling low
Remember the good times
And let that feeling grow
Let it grow

Put on that song
And dream along
Make it real
The countdown to the thrill
We'll never stop, no
To turn it up, yeah

Everything we need
Everything is what we've got
Everything we want
Is already here
Yeah, it's time to let it out
It's time to unleash the wild
'Cause everything we do, we do it for you

Everything we need

Everything is what we've got
Everything we want
Is already here
Yeah, it's time to let it out
It's time to unleash the wild
Everything we do, we do it for you

Everything we do (x3)
We do it for you
