I was fighting for you
So hard to understand
'Cause baby you don't shine
When you're crying like a dog, beg me to forgive
A lie behind every corner
To make me sleep at night
Don't you think that I've noticed
Everything about you is changing

Boy you are spoiled like a kid from the upperclass
Dance with the girls in the line if that's what you wanna
Boy you are spoiled like a kid from the upperclass
Please don't waste the time of my life just because you
can

Yeah it was hard to handle
You never broke the news
I was the last to know
Now you're crying like a dog, beg me to forgive
I used to think you were special
So much more than me
But baby you don't shine
When everything about you is changing
Everything about us is dead

Boy you are spoiled like a kid from the upperclass
Dance with the girls in the line if that's what you wanna
Boy you are spoiled like a kid from the upperclass
Please don't waste the time of my life just because you
can

I used to think you were special
So much more than me
But baby you don't shine

I was fighting for you
Now I leave you behind
'Cause baby you don't shine
When everything about you is changing,
Everything about us is dead

Boy you are spoiled like a kid from the upperclass
Dance with the girls in the line if that's what you wanna
Boy you are spoiled like a kid from the upperclass
Please don't waste the time of my life just because you
can
