Every minute is evil
Every minute is dark
Every minute's a player who broke my little heart
Every minute you tricked me

Played me for a fool
Every minute you don't play fair you keep breaking all
the rules
But all these words I say don't mean a thing to you
Coz you've moved on and you've just left me feelin
blue
And all this world it all means nothing without you
Coz Every minute I'm still thinking about you

Every minute is empty
Every minute is dark
Every minute's a player who broke my little heart
Every minute you tricked me

Played me for a fool
But all these words I say don't mean a thing to you
Coz you've moved on and you've just left me feelin
blue
And all this world it all means nothing without you
Coz Every minute I'm still thinking about you

Araw araw oras oras sa isang madilim na sulok
nakayuko't nagmumukmok
Iniisip ang sagot sa katanungan bakit mo ako iniwan
But all these words I say don't mean a thing to you
Coz you've moved on and you've just left me feelin
blue
And all this world it all means nothing without you
Coz Every minute I'm still thinking about you
But all these words I say don't mean a thing to you
Coz you've found someone else and you left me with
the blues
And all this world it all means nothing without you
Coz Every minute I'm still thinking about you
