You better listen to these words
Coz I'm not gonna tell you again
You better listen to these words
Coz I'm no longer calling you friend

Stay away from me, stay away from me
Don't call me, stay away from me

After all these years of being together
No it doesn't feel the same
Yes things have changed, I'm feeling pain

What'd you do to me, What'd you do to me
You hurt me, with what you did to me

And after all that we've been through
I expected more out of you
But what's done is done, we had our fun
But now it's time to save myself so I'm quitting you

You better listen to these words
Coz I'm not gonna tell you again
You better listen to these words
Listen to these words

Stay away from me, stay away from me
Don't call me, stay away from me
You hurt me, with what you did to me
Stay away from me

I'm quitting you
I'm quitting you
I'm quitting you
I'm quitting you
I'm quitting you
I'm quitting you
I'm quitting you
I'm quitting you
