I see a waste of life
Taken in the darkness of night
I saw all that I needed
To let go is never easy

All of this time, I have thought that
I must have known more than you
Now I stand here feeling my loss
Feeling the hurt, feeling pain

Suppressed feelings never surface
Never needed them to show
All the sadness, draped upon me
Now it's time to let it go

Burn the decomposing flesh
That is left behind me
Now that I'm alone
I must have to deal with death

Fear... The unknown
Why take a life so young

Burn the decomposing flesh
That is left behind me
Now that I'm alone
I must have to deal with death

All of this time, I have thought that
I must have known more than you
Now I stand here feeling my loss
Feeling the hurt, feeling pain

Suppressed feelings never surface
Never needed them to show
All the sadness, draped upon me
Now it's time to let it go

Burn the decomposing flesh
That is left behind me
Now that I'm alone
I must have to deal with death

All of this time, I have thought that
I must have known more than you
Now I stand here feeling my loss
Feeling the hurt, feeling pain

Suppressed feelings never surface
Never needed them to show
All the sadness, draped upon me
Now it's time to let it go
