You can't lift people up  
When your standing on their toes  
If you want to ease the messes  
Use your tongue for something apprapoe  
Otherwise save the speeches  
Just because it's liquid doesn't make it water  
We all know your nice house doesn't make you clean  
Just because it's liquid doesn't make it water  
You pushed your weight around but have you paid your  
dues?

There's a threat-of a threat-of a threat-of a threat

Wave your responsibilities then wave  
Their rights and wave goodbye  
Ultra-violences burning everyone, out rage for tea  
Is setting in but at least I know I'm free  
Just because it's liquid doesn't make it water  
Pull the never ending curtain so we won't see

There's a threat-of a threat-of a threat  
And you dispose because you are disposable,  
disposable  
We know all your mariable subjects  
Are crumbling one by one  
Crumbling one by one

Driving straight into a storm  
Operation eyes closed  
With impending disaster lurking  
Can you give us the old line  
You know the one  
Mistakes were made  
Of a threat-of a threat-of a threat

And you, you know your disposed because you are  
disposable, disposable  
All these things moving towards us are  
Crumbling one by one  
Crumbling one by one

We know your motto

Bulldog more regardless
