Once I emerged from no man's land  
Existing of shadows  
Your future in my hand  
Some say I was sent here  
Straight from the womb  
Coming to protect her in this world of doom

You burned her forests  
Turned her rivers black  
Killed her smaller brothers  
Locked her sisters to the rack  
But now the end is near  
The only thing upright  
Mother will not see your fight

Mother was raped  
More than before  
Treated like dirt  
Call of a whore  
Black Knight was resting  
I rose again  
My plague'll bring back  
Agony and pain

Unleashing bloody battles  
In the christian god's name  
Showing no humanity,  
Taking no blame  
I count on Mother's vengeance  
Coming over them soon  
I read it in the Stars,  
In the changing of the Moon

I knew She would send me,  
Her great Black Knight  
I abhor remorse,  
I kill who's in sight  
None shall I forbear, no exceptions made  
With words I shall not converse,  
Listen to my blade

My sword writes the odes

To mouldering decay  
A song that's sung in unison  
By all you, living prey  
My victims shan't be buried,  
They must burn!  
Human kind will never learn

I looked into the future  
And I saw what had to come  
Human kind will always be  
So selfish and so dumb  
I've seen black water,  
No forest to be found  
No creature (living) safe and sound
