Walls enclose my body  
Take away my breath  
Prison bars are chocking me  
Rusty, cold and dense  
Nobody to hear me  
Yet I am not alone  
Faces of dead children  
Haunt me all night long

Time will never turn

A red glowing horizon  
Brings the final dawn  
A colorful world comes to life  
Outside these prison walls  
Many voices in the streets  
Are shouting out my name  
They all wanna see me hang  
And die at noon today

They want me to confess  
Before the eyes of God  
Free myself from Satan's token  
Send my soul to heaven  
But I will die with pride  
Face their torture all day long  
Ultimately torn and broken  
I will burn forever

A symphony of footsteps  
Echoes in my cell  
A playful show of dancing flames  
Will free me from this hell  
The weight of fear and anger  
Deprives me of my will  
It's time for me to leave this world  
My mission's been fulfilled

I will always be your friend  
I will never let you go  
You will be my little angel  
You can call me uncle Joe

I will never cause you pain  
Well, maybe just a little  
Step inside - don't be afraid  
This old cage is now your cradle

I'm a nasty human being  
Banished from society  
I'm rejected by the angels  
Even hell refuses me  
I am merely a deliever  
Healthy profit is my goal  
I scar and mutilate your children  
For a royal bag of gold

For as long as high society  
Spends this much on luxuries  
There'll be wolves around  
Just like me...
