Get in my car with four on the floor
I love to hear the sound
I can't live without it
I am fuelled up and ready to roar
I'm tall and on the rocks
My heart is aflame

You can see desire in my eyes
Don't cool me down

Give me chills, give me thrills
Taking the first place
Nothin's gonna get me down
Go for it all to get the prize
Hold on till the end
'Cause I'm taking it all the way

Feel the power that's shaking my wheels
I feel inside my soul
It's crawling in my veins
It's been a long road to the top
I'll come out on the top
Against all the odds

I am gonna throw out all the stops
Let's hit the road

Give me chills, give me thrills
Taking the first place
Nothin's gonna get me down
Go for it all to get the prize
Hold on till the end
'Cause I'm taking it all the way

Give me chills, give me thrills
Taking the first place
Nothin's gonna get me down
Go for it all to get the prize
Hold on till the end
'Cause I'm taking it all the way

Give me chills, give me thrills
Taking the first place
Nothin's gonna get me down
Go for it all to get the prize
Hold on till the end
'Cause I'm taking it all the way
