I'm fresh out of regret
Smoked my last cigarette
Down to the very end like it was a cure
My head's turned upside down
Smile like a party clown
Can't get this coffee down
It's colder than cold

I don't want to go on about it
But how the hell can I live without it

I can see for miles around
Oh for crying out loud
Every face in the crowd
Was looking at us
Sweet amazing grace
Everytime every space
Everything in it's place
Like I was King for a day

I threw this window pane
There's no one left to blame
But then it's all the same as long as she shows that
Face like a beauty queen
Straight from a magazine
Swear that's she's always been the last to know that

I don't want to go on about it
But how the hell can I live without it

I can see for miles around
Oh for crying out loud
Every face in the crowd
Was looking at us
Sweet amazing grace
Everytime every space
Everything in it's place
Like I was King for a day

King for a day
Like I was king for a day
King for a day

I can see for miles around
Oh for crying out loud
Every face in the crowd
Was looking at us
Sweet amazing grace
Everytime every space
Everything in it's place
Like I was King for a day

I can see for miles around
Oh for crying out loud
Every face in the crowd
Was looking at us
Sweet amazing grace
Everytime every space
Everything in it's place
Like I was King for a day

Like I was king for a day
King for a day
I was King
Oh yeah
Yeah Yeah Yeah
