A dead city over
the white mountains of
madness and blood
an ancien world to explore i saw.

I knew more and more
and touched the relicts of
the greatest empire
these eyes have ever seen.

Wondering how has fallen why
this beautiful crowd has died.
Then something rises from
the newer misery.

Who found his home is still a misery!

The relicts of the, greatest empire
are rising throught the ruins of a broken,
a broken era, of beauty and decadence
is teaching me how to hate in this world of decadence!

Someone came back
right where he belonged.
Charge me with lack
of strongness and love.
watching my past
i guess he's a ghost, he's a ghost
my heart is now lost.
Watching my past
he has turned me black.
I swear i was dead
my blood was so cold.
So leave some life
i live in misery.

Will i find my home? Is still a misery.

The relicts of the, greatest empire
are rising throught the ruins of a broken,
a broken era, of beauty and decadence
is teaching me how to hate in this world of decadence!
