When you're feeling like you're old and overthrown
Remember this, you are not alone
When you bite off more than you can chew
And at the end of your rope
You tangle yourself through

Then you kick to break it
Selling ways to fake it all again, all again
When you try to make it
When you try to take it to move on
Move on through

When I'm low, I'm gonna rise again
Overshadow, overtake and win
When I'm low, I'm gonna rise again
That's when I'm moving on
I'll rise again, oh yeah

When you're feeling like your head's like a stone
Remember this, you are not alone
When you bite it off, you can spit it out
And tie it up and throw it out

When you kick to break it
Selling ways to fake it all again, all again
When you try to make it
When you try to take it to move on
Move on through

When I'm low, I'm gonna rise again
Overshadow, overtake and win
When I'm low, I'm gonna rise again
That's when I'm moving on
Rise again (rise again)
Rise again

When your feeling like your giving up on everything
that moves you
On and on, Rise Again!

When I'm low I'm gonna rise again

Overshadow, overtake and win
When I'm low I'm gonna rise again
That's when I'm moving on, moving on
Rise Again!
