1.verse

Times under melodies

Strange enough for a dream

For a harmony

A song to sing for you

Funky aphrodites

All you need is life

Chorus:

And before you know

She will get you

Under the wing

She will hover

Light as the wind

She will rein you

2.verse

You are the heroines

Of this age

True to adrenaline

And terylene

Cool

Chorus:

And before you know

She will get you

Inder the wing

She will hover

Light as the wind

She will rein you

Bridge:

She won't feel a thing

You'll take care of it

You will remember these times

Chorus:

The heart weights a ton

But she will hover

Light as the wind

You will love her

More than you should

She'll contain you

Under the wing

She will rein you

Wait, we were a family of this age
