A shadow of myself, just who am I?
Scan horizons
A tragic mystery
You could have left me here, sealed inside the pod
No one would ever know - The chaos control
My true identity
The power that is me

We all danced in fire
Trapped in this machine
Don't know how long we've waited
As the Eggman's watching
We all danced in fire
Looking through the screen
Don't know how long we've waited
As the Eggman watches

With Rouge in the fight - electric lives
Change surroundings
A jewel in history
A treasure disappears - as she goes
Miss her as you look away - and no one knows
This power is a key
This power changes me

We all danced in fire
Trapped in this machine
Don't know how long we've waited
As the Eggman's watching
We all danced in fire
Looking through the screen
Don't know how long we've waited
As the Eggman watches

Chaos control
Cha-cha-cha-cha-chaos control
Chaos control
Cha-cha-cha-cha-chaos control

You didn't know - now I'm gonna show you

The power that is me
You try to take me down-stop the show
Seems you've never tasted fear - or loss of control
The power lives in me
The power that is me

We all danced in fire
Trapped in this machine
Don't know how long we've waited
As the Eggman's watching
We all danced in fire
Looking through the screen
Don't know how long we've waited
As the Eggman watches
