I never thought  
That this could happen  
You changed my life so seriously I got no chance  
To turn back to my bad world again  
You caught my heart for eternity  
I took your hand on my own risk  
I lost control and went with you  
And now I'm standing here went from past to the future  
The hell lies to my feet  
It's not a dream it's true

Fly away flying away i'm flying away  
Can't you see i never thought to change my live  
anymore  
I'm flying away hello good times I'm here

Your love has washed my fears away my anger's left  
alone  
I drift into another space  
Never seen before  
You gave me wings and made me fly  
To freedom love and peace  
And this is not the end  
It's a new beginning  
Oh please don't let me fall  
This is paradise on earth
