When you steppin' in this mix ya getting' free from the
hum drum
So don't sweat the gift or forget where it came from
I'm digging the vine so divin says the bride
And when the anointing runs hot
The devil's running and hiding
Come into creep aim to stalk not walk
But crawled up from underneath the rock
So invoke the chokehold on his throat
And ease up off the flow
So let the rap free your soul which is your ultimate goal
Remember god gave it to you the rock to the roll.

God gave rock 'n roll to you
Gave rock 'n roll to you
Put it in the soul of everyone

Yo, slippin' underneath i ride this track like a
greyhound
To bodyslam the devil for the spiritual takedown.
If you're lovin' a lip that's loose when it flips and sunk
ships
Another devils skull crapped is the one i ripped
Running him down running him now from the ground
up
Cuz when the trumpet sound i'm gonna pick my crown
up
My foot's on the rock
My name's on the roll
God gave it all to me brother
We got soul
