Do you see the man who's standing Outside at the door The children are laughing at him With his fingers he writes Some words on the ground And on every wall The name of the only one And some scared words before He came into this world To take the "our" sins away He saved us from the one dead And burning in the hell I know he will come back Wait until this day Do you belive this I believe it all

Release me jesus christ Save me oh my god Reveal yourself to me Give me strength to carry on
