Living on the Roof-Top
Of possum-Played Success
Walkin'ona separate way
Don't take any look at them
Concervative twaddle, unbelievable words
Your look's pretty exciting
Better then the rest

I am not what i am
Cause you're still searching the same
And now i keep watching you
Loosing your game

Old Testament's your battle plan
Against your generation
Ancient christian doctrines
Are your daily bread
Tell us what you want now
Say what's going on
Can't you express waht you are meaning
't you have a conscience
