You said that I'm your friend
That I'm the most important person in your life
And I said I would do everything for you
I'll help you through all pain and strife
What a fool I have been
Now I realize you used me all the time

Don't use me as a tool
Don't treat me like a fool

All the time through our friendship
I always stood to you
And now you left me alone on my way
And I don't know what to do
But don't you ever think
I'll never get on
I know I have my own way

Don't use me as a tool
Don't treat me like a fool

Cause my soul's not made of steel

Don't use me as a tool
Don't treat me like a fool
