You came to talk with me
we talk for a while
nothing really to say
so we drink a bottle of wine
dusk turns to night
we leave together
you still think that I'm the one
who loves you forever

I taste your precious fruit of passion
and you think that I'm the one
but I just want your feminine charm
and I take something you got only one...

Our love withers as those flowers in a fall
I'm not gonna stay and watch you crawl
before new day will dawn I'll be gone
I will fade away before aurora turns a day...
You came to talk with me
when we saw again
you wanted to feel my love again
dusk turns to night
we leave together
and you still think that I'm the one
who loves you forever

We made love by the fire 'til the wee hours
rosy fingered dawn is near
you fall a sleep while I'm a wake
The lands of night calling me 'cause

Our love withers as those flowers in a fall
I'm not gonna stay and watch you crawl
before new day will dawn I'll be gone
I will fade away before aurora turns a day...
