Gloomy shade of green  
Again I'm having this same dream  
I'm in a garden  
And you are here with me

Your pale figure  
Unclothed you are wandering  
In shades I lie in wait  
Celestial beauty I see

You walk across the garden  
Across meadow to the grove  
To the dream grove I follow

You dance under the trees  
Under the dim light of stars  
In shades I lie in wait  
Admire the beauty I see

Follow me and I will give you  
A dream made of you & me

Follow me and I will show you my dream  
Where I am the serpent and you are the Eve  
Follow me and I will show you my deepest

Desires in the garden of dreams

I sneak behind you and kiss your neck  
You turn around and more you get

We watch the stars  
Naked on a meadow we lay  
We drink from fountain  
And listen it's melody

Follow me and I will give you a dream  
Made of you & me

Follow me and I will show you my dream  
Where I am the serpent and you are Eve  
Follow me and I will show you my deepest

Desires in the garden of dreams

Every time I close my eyes you appear to my dream  
The serpent and Eve  
I'm in our realm
