I'll give you roses and red wine we'll drink
Candles burn in dead of night.
Every step or breath you'll ever take
Be ruled by Devil! That's something... what will remain

And you... Want know what is my love...
To you... My love is lust...
And... You want it more...
Until those roses are turned into dust...

So, don't be afraid, don't hide your beauty, show it to
me
Come and give me a passionate kiss, let the lust
control you
Like it's controlling me...

Kneel... in front of me... and the gates of Heaven you
will see...
Let loose the Devil in you...
Bend over for me... and the flames of Hell you will
feel...
Let loose the Devil in you...

Every whisper every word you say
Aaaah... flame of lust lights my way
And... you want to know what is my lust...
To you... My lust is pain...
And... You want it more...
'cause poisoned blood pulsing in your veins...

So, don't be ashamed, don't hide your feelings share
those with me
Come and enjoy this moment with me, let the lust
control you
Like it's controlling me...

Kneel... in front of me... and the gates of Heaven you
will see...
Let loose the Devil in you...
Bend over for me... and the flames of Hell you will
feel...
Let loose the Devil in you...

Kneel... in front of me... and the gates of Heaven you
will see...
Let loose the Devil in you...
Bend over for me... and the flames of Hell you will
feel...
Feel me... In you...
