Night is still we wait the moment
to start this ceremony
Â'cause this is the point
we always wanted to reach
to hear a hollow voice
of your previous preach...

We howl you we observe the rite
We howl you from your precious cradle
wolfdance... lead us to the
We howl you we observe the rite
We howl you from your precious cradle
wolfdance... lead us to the

Night is still, it starts soon
the circle is full
to you mother moon
we've gathered here

to see your face
We have burnt the fire
in this holy place

We are ready to see your whores
We are ready to feel your presence
Â'cause this is the point
we always wanted to reach...
to hear a hollow voice
of your precious preach

We howl you we observe the rite
We howl you from your precious cradle
wolfdance... lead us to the
We howl you we observe the rite
We howl you from your precious cradle
wolfdance... lead us to the trance
