Lights out
No one here
Hear the silence
Scent of fear

You start running
With mistrusting and skeptical eyes
Are you haunted?
I call out
I'm counting on you

Falling
Is this the end of the line?
And can we make it in time?
Falling
My world is spinning around
I'm crashing into the ground
Falling
Now I need you to see
It's up to you and me
I'm counting on you

(In the shadows)

All gray
Darkened days
A stone in my chest (chest, chest...)
The feel weighs me down
I'm counting on you

Falling

Is this the end of the line?
And can we make it in time?
Falling
My world is spinning around
I'm crashing into the ground
Falling
Now I need you to see
It's up to you and me
I'm counting on you

(Far out of reach)
(Listen to them preach)
(Bring you to your knees)
(Till you're too hard to please)
(Soon you will see)
(If you won't set you free)
(In time you'll know)
How to let it go

How to let it go

Falling
Is this the end of the line?
And can we make it in time?
Falling
My world is spinning around
I'm crashing into the ground
I'm counting on you

To push on through

I'm counting on you (you, you, you...)
