Old New Orleans is a great big old southern town,  
where hospitality you will surely find  
The population there is very, very fair, with ev'rything  
they do  
White folks do it too, they have a dance surely it's  
something rare there

Glide, slide, prance, dance, hop, stop  
Take it easy honey!  
Hmm  
I can never git tired of dancin' those Hop Scop Blues  
Once more you glide, slide, prance, dance  
The Hop Scop Blues will make you do a lovely shake  
They'll make you feel so grand when you join hand in  
hand,  
I'll never git tired of dancin' those Hop Scop Blues

Once more you glide, slide, prance, I said dance, oh,  
hop, now stop  
Take it easy honey!  
Oh  
I can never git tired of dancin' those Hop Scop Blues  
Look out now!  
You glide, slide, I said prance, dance  
Hop Scop Blues will make you do a lovely shake  
They'll make you feel so grand when you join hand in  
hand,  
I'll never git tired of dancin' those Hop Scop Blues
