Seeking knowledge hidden beyond blinding light  
Lusting to taste the song of spectral pantheon  
Step on the path decorated with pain and laid out with  
thorns  
Find it's end and enter silver gate to hear the name of  
mine...

My wisdom lies under dust on pages,  
Carrying prophecies of the Fallen Pride  
My powers are free winds that lust  
To unveil the moonless night  
From it's pale dress of a compelled bride  
By kissing candlelight

My flesh was born by roaring fires  
Consuming bones of sageness covered with gore  
My blood was created from the tears of tar-blackened  
skies  
Bewailing souls of legends that had withered before  
My way lies under speeches of stars  
Towards seas of fury, hatred and scorn

My way lies under speeches of stars  
Towards seas of fury, hatred and scorn  
Ashes of sunrays were covering my road to the far  
I dance the nocturnal waltz on sparkling splinters of  
dawn  
Ashes of sunrays were covering my road to the far  
I dance the nocturnal waltz on sparkling splinters of  
dawn

I'm buried under sand trampled by one  
Sentenced to be crucified  
My confinement is irrigated by blood

Flowing down rough boards of the cross  
I was meant to plunge into a slumber  
Of pespirate(? ) plains, never to wake  
I'm spirit of those who tried to sip  
My forlorn grace

But seers speak of my forthcoming rise...

Rise to make my vengeance flow  
Like rivers through all souls  
Bound and shepherded by a bane  
For springs of sacred  
Pride that rides on widely spread  
Black wings of serpent's children  
Guarding impassable approaches  
To ghostly pages' vault

Flames will be tapestries along the way  
Depicting episodes of my  
Reign beyond the misty shores of mind  
My ascendancy will proclaim  
Beginning of new epoch  
Ceasing my oblivion for times  
All powers will decay  
While I'll take possession  
Of trembling souls, destinies and lives  
My embrace will let  
The heralds of my resurrection carry  
Powers to embody all my wrath

Seeking knowledge hidden beyond blinding light  
Lusting to taste the song of spectral pantheon  
Carry my name until flesh is fraternized with Earth  
Drowned among centuries I'm word  
Where darkest ages mourn...
