You walked in dressed in black
Giving me a heart-attack
With hair of gold, lips like fire
Im caught by my own desire
The music plays, the talk is cheap
A promise that youll never keep
Black leather on white skin
Pride is your only sin

Cant you see?
You cant control my mind

Never surrender
Dont play tricks on me
Never surrender
I aint gonna give you my love

You scratch my back, I pull your hair
Touch me everywhere
Dirty talk, wanting more
Crawling on the floor
Youre going down, on your knees
Only for me to please
One kiss of fire, my heart explodes
A total overload

Cant you see?
You cant control my mind

Never surrender
Dont play tricks on me
Never surrender
I aint gonna give you my love

All I want
Is to find a love so true
Slowly you start to break through
Tearing down my wall

Never surrender
Never surrender

Never surrender
Dont play tricks on me
Never surrender
I aint gonna give you my love

Never surrender
Dont play tricks on me
Never surrender
I aint gonna give you my love

All I want is
Your surrender
Dont play tricks on me
Never surrender
All I want is
Never surrender
Slowly you start to break through
Never surrender
