You like to watch it
She likes to play it slow
Her body is in motion
Welcomes to the show

In the mood for action
Drifting with the flow
Surrender to the game
Shes way down low

The time of your life is what youll find
Shell make you lose your mind

Private visitor
She walked right outta your dreams
Private visitor
Shes going to extremes

She wants you so bad
Youre ready to go
She cant get enough
Twice in a row

She made you an offer
You couldnt say no
Double or nothing
Make love in stereo

The time of your life is what youll find
Shell make you lose your mind

Private visitor
She walked right outta your dreams
Private visitor
Shes going to extremes
