I wanna stay with you
But I can't
Because I gotta go to work
I wanna stay with you
But I can't
Because I gotta go to work

It's overwhelming how much I hate everything
It's overwhelming how much I hate everything But you

Yeah I love you
Yes I love you
Yes I love you
Yes I love you

I wanna stay with you
But I can't
Because I gotta go to work
I wanna stay with you
But I can't
Because I gotta go to work

It's overwhelming how much I hate everything
It's overwhelming how much I hate everything but you

Yeah I love you
Yes I love you
Yes I love you
Yes I love you
[x2]

It's true
I love you
I do
