Still we ride

Still we ride

(With no meaning, we grow cold)

Wasted days - Beyond recognition  
In the times of the fall  
Long steps towards second beginning  
If the goal - Has no meaning at all

With no meaning at all

Still we ride towards tedious nightmare  
Corrupt emotional wage  
Cold incision - To spark the needs to remain  
No hope in veins

Wasted years through change and repression  
While the towers fall  
Decadence reveals the illusion  
Behind plastic face - We grow cold

We grow cold

Still we ride towards tedious nightmare  
Corrupt emotional wage  
Cold incision - To spark the needs to remain  
No hope in veins

Still we ride

Still we ride

Over and over  
In search for the cover  
From the oceans away  
From hypocritical lover  
I'm your friend - Until the end  
We are sinking  
We are sinking

(With no meaning, we grow cold)

Still we ride towards tedious nightmare  
Corrupt emotional wage  
Cold incision - To spark the needs to remain  
No hope in veins

Still we ride

Still we ride
