You and me  
Too good to be  
Too true to be  
Too dumb to see

Where i live  
And where you live  
Are not the same  
We're not to blame  
It's too crazy  
And far to hard  
And way to lazy to make it work  
So here i am  
I'm still alone  
I'm still awake  
I'm still afraid

I don't know what day it is  
Because i've been up all night  
I don't know what week it is  
Because i've been up all night  
I want to see you  
I want to see you  
I want to see you  
I want to see you  
Forever and ever  
Forever and ever  
Forever and ever  
Forever

You and me  
Too good to be  
Too true to be  
Too dumb to see

Where i live  
And where you live  
Are not the same  
We're not to blame

Now you're of in another town  
With another girl

Just sittin around  
I'm still here  
I'm still alone  
I'm still awake  
I'm still afraid

I don't know what day it is  
Because i've been up all night  
I don't know what week it is  
Because i've been up all night  
I want to see you  
I want to see you  
I want to see you  
I want to see you  
Forever and ever  
Forever and ever  
Forever and ever  
Forever

You left me here alone.  
You left me here in the cold.  
You left me here by the sea  
Oh well now all i wish i could see  
Is you and me.

I don't know what day it is  
Because i've been up all night  
I don't know what week it is  
Because i've been up all night  
I want to see you  
I want to see you  
I want to see you  
I want to see you  
Forever and ever  
Forever and ever  
Forever and ever  
Forever

Ooooohhhhh
