"Born Too Slow"

Just like seventies goofballs  
he's waiting on last calls  
well listen method man  
'cause if you leave on the last line  
don't leave on the ground kind  
born just a little too slow  
just a little too slow  
just a little too  
oh, your lives are more than two  
just a little too  
oh, just a little too  
'cause if ya picture the wrong kind  
you'll know you'll be turnin' blind  
got outta your head  
bangin' tail just the wrong way  
you'll know that you're turnin' grey  
i'm just a little too slow  
oh, your lives are more than two, more than two, more  
than two,

slow  
oh, your lives are more than two  
just a little too  
just a little too  
your lives are more than two  
just a little too  
oh, your your life's a born in two  
just a little too slow  
'cause if you leave on the last line  
don't leave on the ground kind  
well listen method man  
cause if you leave him callin'  
you'll know you'll be fallin'  
lights are bummin' low  
your shot off and bum and go  
lives are bummin' low  
your shot off and bum and go  
born just a little too slow
