i know that i dont understand where my feelings roam i've got to look outside again and wonder where i've gone

i looked into those eyes again and its been oh so long i never meant to talk again i try to silence you

you keep comin' back again

you keep comin' back for more

and then you come back and haunt my mind you try to make me look good you know i just dont have the time i never ever understood

you keep comin' back again you keep comin' back for more (x6)
