Fever, make me wanna run away with you
Leavin' all the crazy stuff we go through
Imagine if we could take a secret ride
This passion is something that I can't hide

Why don't we just disappear
Hide into the moonlight
It's such a lovely view up here
We can let it burn all night
With this fever, oh fever

Dreamer, I've always been a fool for you
Believer, in a promise of the simple truth
The way I feel is something that I can't deny
This fever is burnin' me up inside

Why don't we just disappear
Hide into the moonlight
It's such a lovely view up here
We can let it burn all night
With this fever, oh fever

How mysterious
So delirious

With this fever, oh fever
This burnin' fever
This burnin' fever
Oh, this fever
