[I.]

Sons of the devil will tonight stay on the ship
I have to go alone, to meet Astar's demons
This is last chance to save Khalandir
I hear voices... Will they listen to me?
Go!

[Ref.]

Demons' dagger!
Burning like the flames of hell
Will you give me
The power to kill the death?
Demons' dagger!
So cold, like the breath of the dead one
Will you bring us
A hope that was almost lost?

[II.]

The burning blade of ancient gods I hold in my hands
Is this the frozen blood-red fire of hellish lands?
Go back to the ship, it's time to go home!
Never retreat, and never surrender!
No!
