[I.]

From the grave he will come
Alive and still dead
He's still cursed one
But the wizard's spell
On the northern mountain
Brought him between us
He will bring victory
Ohhh, Eldinaar!

[Ref.]

Free!
Khalandir!
No more pain
No more fear
He brought the revenge
Dead defender

Save!
Khalandir!
Still alive
Undead one
Bringer of justice
Feel the fury!

[II.]

"Souleater" in his hand,
He will kill the death
Lust of war in his eyes
Prowler's time has come
Broken bones on the ground
War winds are so far
He will bring victory
Ohhh, Eldinaar!
