The end is near, nothing can stop this  
Bodies crawling out from their graves  
Screams of hunger crush the silence  
Every victim is a piece of flesh

Is day of doom our destiny?  
Will we die in this lust of blood?  
Sun is covered by black moon  
So run away, 'coz there's no place to hide

"Where there is no room in burning hell  
Evil arise and walk the earth"  
- it's attack of the living dead!  
When you find out, heart don't need to beat,  
There is no pain, you stop to feel -  
You're lost, you're creature, one of them -  
You are dead!

Rotten corpses, wrinkled faces  
Still reminds me that I'm not safe  
Moans of zombies are so close  
Ohh, what to do? Now I'm scared to death!

It's too quietly around me  
I feel that one of them has come!  
I'm not sure if it's zombie -  
I can't see him in the dark of the night... !

"Where there is no room in burning hell  
Evil arise and walk the earth"  
- it's attack of the living dead!  
When you find out, heart don't need to beat,  
There is no pain, you stop to feel - Now I'm dead!

I'm howling, screaming - but nobody hear me!  
Where am I, and why I feel the zombie lust?

What is happening with my mind?  
I don't feel any cold or fear  
Everywhere I see the blood  
I'm lost 'coz I need no air to breathe!

What shall I do, where to go now?  
I'm afraid that I'm one of them  
Now I'm dead, the living monster!  
I must join the army of the dead... !

"Where there is no room in burning hell  
Evil arise and walk the earth"  
- it's attack of the living dead!  
When you find out, heart don't need to beat,  
There is no pain, you stop to feel - Now I'm dead!
