### "Severe Punishment"

Visit "[Severe Punishment](#)" on MotoLyrics.com

A prison without walls

Is your home

Virtual penitentiary

No padded cells, no bars to hold you in

No chance to taste or breathe

Everything taken away, even the chance to dream

Severe punishment to keep wretched lives locked in

Severe punishment, a modern technology to ban your sins

Severe punishment more evil than evil itself

Trapped in for no reason

One flaw, never corrected

Convicted, files erased

Abandoned forever
