Oh you make me lovesick, that's for sure  
& I've got a funny feeling, I don't wanna find a cure &  
Oh yeah maybe baby, I'm falling in love

I don't need a doctor, need no pills  
But I've got a funny feeling & a fever & the chills &  
Oh yeah maybe baby, I'm falling in love with you

Give me all your kisses, hold me in your arms  
'Cause I've grown susceptible to your many charms

Got the heebie-jeebies, got the shake  
& I've got a funny feeling, that is just-a what it takes &  
Oh yeah maybe baby, I'm falling in love with you

(instrumental)

Oh yeah maybe baby, I'm falling in love with you  
...& fade
