(Phil Spector/Leroy Bates)

There's a story I want you to know  
'Bout my baby, how I love him so  
(There's no other like my baby, no no no no)  
Tell you now  
(There's no other, don't mean maybe, no no no no)

Walking down the street in a crowd  
Looking at my baby feeling so proud  
Whoa-oh-oh-ohhhhhh  
(There's no other like my baby, no no no no)

While at a dance, my baby by my side,  
He whispers to me, someday I'll be his bride  
Whoa-oh-oh-ohhhhhh  
(There's no other like my baby, no no no no)

(Johnny) No no, not like my baby  
(Harry) No, not like my baby  
(Bobby) He's not like my baby  
I wanna tell you now  
(There's no other) There's no other (like my baby, no no  
no no)
