Empty promises you've made I've come face to face
with the fact that your gone but the memory remain.
They won't get me down theres someone for me who
will take your place and erase that memory. I thought I
had it all when I looked into your eyes. I never thought
I'd fall but i fell into your lies. And now my sheets are
soaked from tears of memories. Was it to good to be
true or just something wrong with me. When i fell
asleep you were on my mind. I thanked god each night
for making you mine. Where would i be if i never met
you. You were living proof that dreams can come true.
Please stay forever that was my only wish. When i fell
asleep it was you that i missed. When you're not
around it killed me inside. Holding you was so perfect
this feeling can't die.
